FOUND DROWNED.

With His Hands Tied, and a
Rock Suspended From His
Neck.

Wm. Handy, a young colored man who lived in the "Old Apple Jack house," on the Versailles pike, opposite the residence of Mr. Albert Jeffers, disappeared from his home on Friday night of last week and was not seen again until his dead body was found floating in Black's pond, three miles from the city, about noon Wednesday. When the corpse was taken from the water it was discovered that the hands were securely tied together at the wrists with a stout leather strap, and that his pants had been removed, a flat rock weighing about thirty pounds had been fastened in the seat of the same and then the legs of the pants tied about his neck so that the rock would lie upon his breast and weigh the body down. The body had been in the water so long that gas had formed, causing it to float, and when first seen was some distance from shore, but was driven to the bank by a stiff breeze blowing at the time.

Handy had not been well all summer and was troubled with severe pains in the head, for which he was under medical treatment, and when he first disappeared it was thought that his mind was affected and he had wandered away. Search was accordingly made for him in the eastern part of this county and in Scott, but with no avail.

It cannot be said that Handy drowned himself, even if demented, for he could not possibly have tied his own hands in the way they were, although he could easily have placed the stone about his neck, and it was

evident to the jury, when Coroner Dehoney held an inquest Wednesday afternoon, that he had been foully dealt with, and they brought in a verdict that he came to his death by drowning at the hands of some party or parties to the jury unknown. The murder and the cause for the same is shrouded in mystery and should be investigated by the next grand jury. We understand that a lady living on the Versailles pike, near Hoge's Station, says that on the night Handy disappeared from home a party of men passed her house having in charge a negro man, who was crying and begging them to let him go.

Sunday Morning Fire.

About one o'clock Sunday morning fire broke out in the second story of the store room occupied by Mr. Jose Aubrey as a meat store, on Broadway, and before the flames could be subdued by the department the house was damaged to the amount of about six or seven hundred dollars. The fire originated near a partition, ran up the same and got in between the ceiling joists and roof, damaging both ceiling and roof to such an extent that they will have to be renewed. The house is owned by Mr. James Fitzpatrick, who has insurance sufficient to cover the loss. Mr. Aubrey suffered damages to his stock of only about twenty-five or fifty dollars.

Mr. J. C. Boswell, one of the best known and most respected citizens of Brownwood, Texas, suffered with diarrhoea for a long time and tried many different remedies without benefit, until Chamberlain's Colic, Cholera and Diarrhoea Remedy was used; that relieved him at once. For sale by J. W. Gayle.

Truehart Drowned.

William Truehart, colored, who was for a number of years an employee of Mr. H. R. Williams, was drowned in the river, just across from Messrs. Choate & Graham's mill, Monday morning. He was last seen about 4 o'clock that morning, when he came out of the house where he lived, on Taylor Avenue, opposite the residence of Mr. H. G. Banta. Some time during the day little Albert Ziegler went down to the river to go fishing and found a hat and cane lying on the bank, which he recognized as belonging to Truehart, and immediately reported the find to Lewis Black, a colored man, who lived in the same house with Truehart. After reporting his suspicion to the Coroner that Truehart was drowned, Black took the hat found on the bank and threw it into the water, when it floated down stream a short distance and then began to circle around. Black began dragging the river at the point where the hat was circling and soon recovered the body. It is supposed that Truehart committed suicide, as he was in such a physical condition that he could do no manual labor, and was heard to say on Sunday evening that he had rather die than go to the poor-house. Only a short time ago he was found in the river near Salender's wharf by Officer Gordon and bridge-keeper Tobe Griffey, and would have then been drowned had not they pulled him out. Coroner Dehoney held an inquest over the body Monday afternoon when the jury returned a verdict of death from drowning.

South Waukegan.

This beautiful temperance town, a suburb of Chicago, has made the race to millions in the value of its property faster than any town in the same length of time in the north west. Fourteen months ago it was a bare beach on Lake Michigan, to-day it has some of the largest factories in the Union in operation with costly and splendid improvements. Ten miles of streets and fourteen miles of sidewalks, lined with business houses, beautiful residences, hotels, churches, schools and other institutions. A street railway will, within a few months, be completed which will fairly belt the little city and connect with the Chicago Electric Railways. It has fine railroad facilities and the superior advantages every way of this gem of the Lake, a temperance town, is set forth by the "South Waukegan News," one of the brightest, and newsiest papers in that region of beautiful wonders and marvelous progress.

The following figures give a glimpse of what has been and is being done in the new town of South Waukegan. The sums named show the cost of the improvements made by the parties named:

Washburn & Moen Mfg. Co.	\$2,000,000
Luron Zinc Oxide & Paint Co.	250,000
Storow Bros. Mfg. Co.	150,000
South Waukegan Lumber Co.	10,000
Frank B. Barker Mfg. Co.	75,000
Railroad Switches	75,000
Buildings	100,000
Streets 10 miles; sidewalks 14	50,000
Hotels, residences, schools, churches, &c	150,000

The following is a list of factories and other institutions which will extend during the next six months, the sums set opposite:

Nichols Chemical Co.	\$1,000,000
H. B. Johns Lubricant Paint Co.	200,000
Chicago Double-headed Match Factory	100,000
Electric Street Railway	100,000
	\$4,000,000

The fact that such an enormous sum of money is to be expended in the new town in so short a time, cannot but bring into existence numerous other agencies which will add to the value of all lots.

The success of Mrs. M. Beam, of McKeesport, Pennsylvania, in the treatment of diarrhoea in her children will undoubtedly be of interest to many mothers. She says: "I spent several weeks in Johnstown, Pennsylvania, after the great flood, on account of my husband being employed there. We had several children with us, two of whom took the diarrhoea very badly. I got some of Chamberlain's Colic, Cholera and Diarrhoea Remedy from Rev. Mr. Chapman. It cured both of them. I know of several other cases where it was equally successful. I think it cannot be excelled and cheerfully recommend it." 25 and 50 cent bottles for sale by J. W. Gayle.

A Success.

The Capital City Orchestra gave a concert to a large and appreciative audience at Alton, Anderson county, Saturday evening, July 29th, and to say it was a success would be expressing it mildly. Each member did so well that it is difficult to discriminate or determine which deserved the most praise. Among the many features may be mentioned, the brilliant solo on that sweetest of all instruments, the flute, by Mr. W. H. Van Winkle, who was heartily enjoyed. Mr. Henry Brady, who gracefully performed several popular solos on the guitar, was heartily applauded, and, by special request, repeated many of them. The brilliant execution of several difficult solos by Mr. Louis Harris set the house wild with delight, as he never fails to do, and he was forced to respond to several encores. Mr. John Burkhardt, in his concert solo, the Capital City Orchestra, and the Mandolin and Guitar Club, assisted by Mr. J. Gorman, came in for a share of applause. The concert over, the people returned home feeling satisfied that their time and money were well spent, and as evidence of this fact the Capital City Orchestra have been requested, and will repeat the same within the next few days.

The patronage of this orchestra is constantly increasing, and it will not be long before they will have all they can do.

A second match at 25 birds was then shot off, which was won by Dr. Dade, he breaking his twenty-five straight.

Broke Several Ribs.

While engaged in closing up one of the warehouses at the Old Taylor Distillery, on Glen's Creek, Wednesday afternoon, Mr. John Will Johnson, the distiller, walked into an open hatchway in the dark and fell from one rickety floor to another, a distance of about eight feet, breaking several ribs on the right side and bruising himself so severely about the head and side that it required several hours to get him removed from the warehouse to the distillery office—his suffering being

so intense that he could not bear to be handled. He was finally gotten to the office, where he still remains, and Dr. C. B. Chinn telephoned for, who went out and dressed his injuries. About a year ago Mr. Johnson met with a similar accident in the warehouse—stepped into a hole in the floor used by the warehouse hands in going from one rickety floor to another—and broke a rib. He seems to be particularly unfortunate in this respect.

LOUISVILLE TOBACCO MARKET.

FURNISHED BY GLOVER & DURRETT, LOUISVILLE TOBACCO WAREHOUSE.

Sales on our market for the week just closed amount to 1,830 hhds., with receipts for the same period of 1,973 hhds. Sales on our market since January 1st amount to 85,331 hhds. Sales of the crop of 1892 on our market to this date amount to 88,331 hhds.

The market this week has been without any special features to note, the only change being a little lower range of values for the very common grades of burley such as are selling under \$6 per hundred. The money conditions continue very much strained throughout the country and it is by no means likely that any permanent improvement will be realized in prices for tobacco until financial conditions improve.

The following quotations fairly represent our market for new burley tobacco (1892 crop):

Trash (dark) or damaged tobacco..... \$3 50 @ \$4 25
Common Colory trash..... 4 50 @ 5 00
Medium to good colory trash..... 6 00 @ 8 00
Common Colory lugs..... 4 50 @ 6 00
Medium to good colory lugs..... 7 50 @ 8 50
Common to medium leaf 7 50 @ 9 00
Medium to good leaf..... 9 00 @ 11 00
Good to fine leaf..... 11 00 @ 15 00
Select or wrappery tobacco..... 15 00 @ 20 00

Any of the earlier stages of Consumption can be cured. It's a matter of evidence—strong enough and complete enough to warrant the makers of Dr. Pierce's Golden Medical Discovery in promising this:

If it's taken in time and given a fair trial, they'll refund the money in any case where the medicine fails to benefit or cure.

But it's a medicine that doesn't fail; it goes to the root of the trouble. Consumption is developed through the blood, and must be cured in the same way. It's a scrofulous affection of the lungs—a blood-taint. And the surest remedy for scrofula in all its forms, the most potent blood-cleanser, strength-restorer, and flesh-builder known to medical science, is the "Golden Medical Discovery."

It cures Scrofula; it cures Consumption; it cures all Bronchitis, Throat, and Lung affections, Asthma, Weak Lungs, Severe, Lingering Coughs, and kindred ailments—through the blood.

And if there's no help, there's no pay.

Sec. 110. The council shall provide the assessor with the forms and books necessary to make the assessment.

Sec. 111. The State revenue law for the assessment of property is hereby adopted as part of this act as far as applicable.

Sec. 112. Each March the Mayor shall appoint three house-keepers in different wards as a board of tax supervisors.

Sec. 113. The supervisors shall convene the first Monday in April and the assessor shall act as their clerk. They shall supervise all assessments and see that all property is assessed at its fair cash value.

Sec. 114. The law governing the county supervisors of tax is adopted as part of this act as far as applicable.

Sec. 115. After supervisors finish their work it shall be submitted to the council, which shall have power to make changes as may be just and equitable.

Sec. 116. The council shall then, by resolution, accept the tax-book, fix the rate of taxation for one year, and make out the amount of taxes due on each list.

Sec. 117. The clerk shall make out the tax-book or receipts against persons assessed and deliver them not later than June 1st to the tax collector.

Sec. 118. Before delivering the book to the tax collector, the clerk shall take a receipt therefor for the full amount of taxes due the city.

Sec. 119. All taxes are due and payable as soon as the book is in the hands of the tax collector.

Sec. 120. The collector shall have the same power to collect the city taxes that the sheriff has to collect the State and county taxes.

Sec. 121. The collector may distrain for taxes due.

Sec. 122. The council may prescribe a discount for prompt, and penalty for dilatory, payment of taxes.

Sec. 123. The collector may list omitted property, which shall be charged to him by the clerk.

Sec. 124. The collector shall make out a report twice a month, in detail, and the aggregate of all money collected by him, which shall be delivered to the treasurer.

Sec. 125. The collector may appoint a deputy.

Sec. 126. On January 1st of each year the collector shall return to the clerk all taxes due and unpaid and the clerk shall certify same to the city attorney, who shall bring suit on them at once.

Blue Wing.

We find the following in the Las Cruces, New Mexico, Independent Democrat, of which Mr. W. R. Fall, an old Frankfort boy, is the editor:

The legend runs that: during the war with Mexico, Jno. Swigert, Grif. Theobald, Cyrus Calvert, Jno. Whitehead, Geo. Davidson, Dick Harlan and other Frankfort, Ky., boys took with them to the war a game cock widely known as "Blue Wing."

At the battle of Buena Vista "Old Blue Wing" was perched on a cacon, in the rear vicinity, and whenever the gun in front of him was fired "Old Blue Wing" would express his approbation by a vigorous flapping of wings and by a loud spluttering crow.

At the close of hostilities "Old Blue Wing," the victor of many hard fought battles, and approximately a participant in Santa Ana's defeat, was carried to his birthplace by the soldier boys.

And, when the old hero answered his last reveille, the boys buried him with military honors, draping his rose-wood coffin with miniature flags of the United States.

FRANKFORT ROUNDABOUT

FRANKFORT, AUGUST 6, 1893.

He Got the Swag.

A farmer living in Anderson county had thirty-two hundred dollars deposited in one of our banks and last week he became uneasy, fearing that the bank might suspend and his money be locked up, so he determined to come down and draw it out. When he arrived here the bank officials tried to reason with him and convince him that their institution was solvent and his money perfectly safe, but he had come for his money and nothing else would do him, so they counted it out to him all in silver, and in order to take it away he had to purchase a new satchel, which, when the coin was placed in it, weighed over two hundred pounds. The farmer loaded this into his buggy and drove off with his two sons, armed with shot-guns, riding on either side of him as a guard.

Trying It Again.

Mr. Moses O'Connor on Wednesday completed a deal with Mr. Fred Samples for his interest in the Evening Journal and again took charge of that paper as its editor on Thursday. Mr. O'Connor has, with the exception of only a few months, been one of the editors of the paper since it was first established in 1837, and is only getting back home again. He made it go before and will doubtless greatly improve it now. Here's hoping he may make it pay, notwithstanding the hard times.

Grave Mistakes.

Physicians frequently make mistakes in treatment of Heart Disease. The rate of sudden deaths is daily increasing. Hundreds become victims of the ignorance of physicians in the treatment of this disease. One in four has a diseased heart. Shortness of breath, palpitation and fluttering, irregular pulse, choking sensation, asthmatic breathing, pain or tenderness in side, shoulder or arm, weak hungry spells, are symptoms of Heart Disease. Dr. Miles' New Heart Cure is the only reliable remedy. Thousands testify to its wonderful cures. Books free. Sold by J. W. Gayle.

THE NEW BRIDGE.

Work Commenced Thursday on the South Abutment.

The King Iron Bridge Company, the contractors for the erection of the new iron bridge across the Kentucky river on St. Clair street, commenced work Thursday by breaking ground and making soundings for the foundation of the abutment on the south side of the river. The soundings demonstrated that they will have to go down from twenty to thirty feet for a solid foundation, and that piles will have to be driven for the purpose. Yesterday workmen were set to work grading a road along the river bank from Salender's wharf to the point where the pile drive will have to be set up so that the necessary machinery and timbers can be hauled there. The work will go right along now and be pushed to an early completion.

K. of P. Picnic.

The arrangements for the picnic to be given by Dexter Lodge, Knights of Pythias, at Thorn Hill Park, on Wednesday next, are very complete, and it promises to be a splendid success. The lodge, with several visiting organizations, will parade the streets in the morning and then repair to the grounds, where every amusement that can be thought of will be provided for the enjoyment of their guests. There will be dancing, swinging, croquet, base ball, bicycle races, and the day will be wound up with dress parade by the Knights. Every person fond of spending a pleasant day in the country should go out.

A Sedentary Occupation.

Plenty of sitting down, and much exercise ought to have Dr. Pierce's Pleasant Pellets to go with it. They absolutely and permanently cure Constipation. One tiny, sugar-coated Pellet is a corrective, a regulator, a gentle laxative. They are the smallest, the easiest to take, and most natural remedy—no reaction afterward. Sick Headache, Bilious Headache, Indigestion, Bileus Attacks, and all stomach and bowel derangements are prevented, relieved and cured.

A "COLD IN THE HEAD" is quickly cured by Dr. Sage's Catarrh Remedy. So is Catarrh of the Head, and every trouble caused by catarrh. So is Catarrh itself. The proprietors offer \$500 for any case which they cannot cure.

WORLD'S FAIR NOTES.

A Few Pointers About Chicago.

As a great many readers of the ROUNDABOUT will make their first trip to Chicago during the World's Fair, a few pointers regarding the geography of the city will be appreciated. In the first place fix firmly in your mind that Lake Michigan forms the eastern boundary of the entire city, and if you stand facing the lake with both arms outstretched the left hand will point to the north and the right hand will point straight down the tracks of the Big Four route to the World's Fair buildings, situated at the southern end of the city. Paste this in your hat and you have the key to the entire situation. Coming into Chicago on trains of the Big Four Route, which is the only railroad having an entrance on the south side along the lake front, where all the hotels and boarding houses are located, you will find yourself passing practically through an exposition grounds and a magnificent panoramic view of the fair is obtained. At the World's Fair station of the Big Four route, if you step off at the right side, you are at the entrance gate to the exposition and can begin "doing" the Fair at once; if you step off on the left side, you will find yourself in the finest resident portion of Chicago, and right in the midst of the World's Fair hotel and boarding house district. The chances are ten to one that you will be within a few minutes' walk of the very place you have selected for your headquarters.

If you prefer to go down town, ten minutes' ride will bring you to the new Twelfth Street station, in the heart of the city. Now bear in mind the manifest advantage of entering Chicago on the Big Four route. In the first place you avoid entirely the bother and trouble of a tedious transfer across the city, which is necessary via all other lines, being landed directly at the exposition grounds, an advantage offered by no other line; and in the second place you can so fix the geography of the city in your mind that you will at once become as familiar with Chicago as you are with your own town. Another point in favor of the Big Four route is found in the fact that if you enter Cincinnati on the Queen and Crescent route, Louisville & Nashville R. R., Kentucky Central Ry., Chesapeake & Ohio Ry., or Baltimore & Ohio S. W. R. R., connection is made in Union depot, avoiding the disagreeable transfer necessary via all other lines. For full particulars address D. B. MARTIN, General Passenger agent, Cincinnati.

THE ELECTRIC LINE.

Work Commenced on Thursday.

The work of laying ties for the new electric street railway was begun on Clinton street, at the Kentucky Midland Freight Depot, Thursday morning, and will be pushed west on Clinton to High, north to Main and east to St. Clair, as the first circuit of the road. The rails were shipped on today, and are expected to arrive today, and when they come they will be laid as rapidly as possible.

Mr. James A. Murray has donated ground for the power house and it will be located on the Lewis Ferry pike, at the edge of the city. As soon as the first circuit is completed the road will be built out the Lewis Ferry pike to the O. F. C. Distillery, and then the loop in South Frankfort, east on Todd street to Murray, north on Murray to Second and west on Murray to Shelby will be put in. The Lawrenceburg Turnpike Company is laying claim to Todd street, from Shelby to the city limits, and will attempt to prevent the road being built on that street, but a search of the records in the city clerk's office fails to reveal any evidence upon which it can have a claim to the absolute possession and control of that street further than that it was granted the right of way over the streets of South Frankfort years ago—back some where in the 40's—and it is not likely that the company will be sustained by the courts in its position of an obstructionist.

Always in It.

Gov. Brown has managed to keep a row of some kind on hand nearly ever since he has been in office. He opened up with the Mason & Ford Co., then Auditor Norman, next Attorney General Hendrick and then Governor Buckner. His latest racket was with W. B. Williams, the elevator boy at the State House, who was an appointee of Gov. Buckner. It seems that when the elevator was put in Mr. M. P. Gray, who was the contractor, made a contract with the State to keep it in order for ten dollars a year. This contract Governor Brown annulled, and last month the elevator got out of order and remained so for nineteen days. Williams reported for duty every day or two, and when the damage to the "lift" was repaired he was informed by the Governor that his services were no longer needed and that another man had been given his place. Williams, who was employed by the month, made out his bill for July, up to the three he was discharged, and presented it to the Governor for his approval, which his Excellency declined to give it. Hence the row. It is said that when not engaged in running the elevator "B" loafed on the wrong side of the hall, which brought down on his head the displeasure of his Excellency. And our Governor—a fine man he is and an elegant gentleman too.

Matrimonial.

KERSEY-SEMONES—Mr. Julian Kersey and Miss Mary Belle Semones went to Louisville Sunday on the excursion train, and on the way concluded to bring their courtship to a close by getting married, so when the train pulled into Louisville they took the ferry boat for Jeffersonville,

where they were made man and wife by Squire Hause. They returned home the same evening to receive the congratulations of their friends.

TIPTON-SMITH—At the Baptist Parsonage, in this city, on Wednesday, August 24, 1893, Mr. Major D. Tipton and Miss Nora H. Smith, Rev. W. C. Taylor officiating.

ROSSELL-WILLIS—At the residence of Mr. Andrew Nolan, on North Wilkinson street, on Wednesday, August 3d, Mr. Harry Rossell and Miss Carrie Willis, Rev. W. C. Taylor officiating.

SEAY-ENLOW—The Louisville Post, of Thursday afternoon, says:

A wedding party came up from Lawrenceburg, Ky., this morning consisting of Mr. R. A. Seay, of Frankfort, and Miss Annie and Mary Enlow, and Miss Carter Smiley. Mr. Seay and Miss Annie Enlow constituted the happy couple, and they were married soon after 3 o'clock in the parlors of the Willard Hotel, by Rev. C. R. Hemphill, pastor of the Second Presbyterian Church, and the two young ladies mentioned and Mr. O. W. Smith, of this city, were the attendants. The bride is the daughter of Mr. Robert Enlow, of Lawrenceburg. Mr. Seay is a prosperous young farmer from the Frankfort neighborhood.

Mr. Thomas Batte, editor of the Graphic, Texarkana, Arkansas, has found what he believes to be the best remedy in existence for flux. His experience is well worth remembering. He says: "Last summer I had a very severe attack of flux. I tried almost every known remedy, none giving relief. Chamberlain's Colic, Cholera and Diarrhoea Remedy was recommended to me. I purchased a bottle and received almost immediate relief. I continued to use the medicine and was entirely cured. I take pleasure in recommending this remedy to any person suffering with such a disease, as in my opinion it is the best medicine in existence." 25 and 30 cent bottles for sale by J. W. Gayle.

It Should Be Every House.

J. B. Wilson, 371 Clay St., Sharpsburg, Pa., says he will not be without Dr. King's New Discovery for Consumption, Coughs and Colds, that it cured his wife who was threatened with Pneumonia after an attack of "LaGrippe" when various other remedies and several physicians had done her no good. Robert Barber, of Cookeport, Pa., claims Dr. King's New Discovery has done him more good than anything he ever used for the cold. Nothing like it. Try it. Free Trial Bottles at F. H. CARPENTER'S Drug Store. Large bottles, 50c. and \$1.00.

A Better Location.

Mrs. Elizabeth Walcutt, of this city, finding her house on the North Side, in Chicago, inconvenient for visitors to the Fair, has rented No. 4225 Lake Avenue, which is two blocks from the Lake and only a half mile from the Fair Grounds. The location is a lovely one—the house sits off by itself and plenty of fresh air can be obtained. She will furnish lodging and two meals—breakfast and late dinner—for \$1.50 per day. If you wish to secure rooms address her at 4225 Lake Avenue, Chicago.

All the finest wines and liquors can be found at Jake Ahler's new saloon, "The Saratoga," 217 St. Clair street, where you will always find a good snack.

Top Drawer.

LOCAL.

FIRE BY RATS—Rats gnawing at some matches in a bureau drawer at the residence of Mr. J. T. Jarkin, on Short street, Saturday afternoon fired the whole box and burned up a lot of clothing. An alarm was sent in from box 16, but the flames were extinguished before the department arrived.

HAND CUT—George Scruggs, a colored employe of the Frankfort Brewing Co., received an ugly cut in his left hand at that institution on Monday, the result of accidentally running against a knife in the hands of a fellow-workman.

EASTERN KENTUCKY LAND—Mr. L. T. West has just closed a trade with, and made a deed to, Ohio parties for a good lot of real estate in East Kentucky. Mr. West says, notwithstanding the depression in money matters, there are many inquiries for land in Eastern Kentucky and especially timber land. He still owns about 6,000 acres of coal and timber land in Jackson and Owsley counties.

WITH SUICIDAL INTENT—William Vand, one of the workmen employed on the new railroad bridge, took a large dose of laudanum on Tuesday with the intention of destroying his life, but his act was discovered in time to relieve him from the effects of the poison and save his life.

How We Grow Old.

The thread that binds us to life is most frequently severed ere the meridian of life is reached in the case of persons who neglect obvious means to renew falling strength. Vigor, no less the source of happiness than the condition of long life, can be created and the effects of hostetter's stomach bitters, bear testimony to the wondrous efficacy as a creator of strength in feeble constitutions, and debilitated and shattered systems. A steady performance of the bodily functions, renewed appetite, flesh and vigour repeat after the use of this thorough and standard remedy. Use no local tone represented to be akin or resemble it in effects in its use. Demand the genuine which is an acknowledged remedy for indigestion, malaria, nervousness, constipation, liver and kidney complaints and rheumatism.

Dr. Buckner, of Shelbyville, visited his son, Dr. W. T. Buckner, of this place last Sunday.

We don't know how true it is, but a whisper on the breeze has been wafted to our ears of another marriage which is to take place in our town not many months hence.

Miss Effie Warren, of Louisville, is gladdening the hearts of many friends in this community by a visit.

The tobacco crop is fine in this section. Topping and worming now keeps the cultivators busy from early dawn till late at night.

In anticipation of another year's siege in the school-room, both teacher and pupil appear a little gloomy.

There is a very interesting meeting in progress at the Baptist Church in Millville. There have been already one or two additions.

The yield of wheat and oats in this section is the best for several years. Corn looks well, and with good rain would yield abundantly.

The tobacco crop may be called spotted. Mr. W. B. Jones on the farm of Rev. Robt. Crutcher, Mr. Simpson on the farm of Mr. James Henton and Mr. Sam Johnson on the farm of Mrs. Lafayette Crutcher all have fine crops. That of Mr. Johnson is especially fine. There are some other fair to good crops. The general outlook is not favorable.

The prospect for fruit is very discouraging. The cherries and blackberry crops have proven almost a total failure. There are but few apples and our ladies must look to the peach crop for preserves, &c.

Deafness Can't Be Cured.

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When the tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh that we cannot cure by taking Hall's Catarrh Cure. The New South and the World's Fair.

No section of the country, East, North or West, offering a greater interest in the World's Fair at present than that portion lying south of Mason and Dixon's line, and typical Southerners, easily distinguishable in the immense throng by the graceful military bearing of the gentlemen and the rare beauty of the ladies, are to be met in great numbers on the Exposition grounds, in the corridors of the leading hotels and at the various social gatherings in the World's Fair City.

To a large extent the success of the Fair depends upon the Southern people; the Board of Managers expect hundreds of thousands of people from South of the Ohio river to attend the Exposition, and from present indications they will not be disappointed. The railroads are making extensive preparations to take care of the people, and their comfort enroute is fully assured.

The Big Four route which is the only line making connection in Central Union Station, Cincinnati, with through trains of the E. T. V. & O., Queen & Crescent, Rock, Louisville & Nashville R. R., Kentucky Central Ry., and Chesapeake & Ohio Ry., Naturally forms the popular outlet for Southern travel, and to accommodate the business fine elegant vestibuled trains, with parlor cars, sleeping cars, dining cars and elegant coaches are run daily from Cincinnati to Chicago, stopping at Midway Plaisance, the Main Entrance to the World's Fair, 60th St., Hyde Park, 51st St., 39th St., 37th St., and running into the new 12th St. Station on the Lake Front. All the World's Fair hotels and boarding houses are located adjacent to the Big Four stations and passengers via the popular line avoid the long, tiresome transfer across the city necessary by all other lines from Cincinnati. There is positively no other line landing passengers at the stations named, and as it affords in addition to the comfort and convenience a great saving of time and expense, all the South who contemplate a trip to the World's Fair should be sure to ask for tickets via the Big Four Route.
